

LIBRARY EQUIPMENT FUND

The Jefferson-Madison Regional Library's Equipment Fund is generated by revenues from fees and fines collected from use of Library materials and equipment. The purpose of this fund is to support the orderly operation, maintenance, and replacement of Library equipment. This fund is intended to be the first source of funding for equipment needs. Annually, each June, all items to be purchased from the Equipment Fund will be presented to the Board for review.

Adopted June 26, 1990
